# 9<sup>th</sup> | Workshop of the Department of Chemical and Biomolecular Nanotechnology

50<sup>th</sup> anniversary CID

14<sup>th</sup> September 2017, 9:30

CID Research and Development Center  
Jordi Girona 18-26, Barcelona

The Department of Chemical and Biomolecular Nanotechnology (CBN) at the Institute of Advanced Chemistry of Catalonia (IQAC-CSIC) will organize the 2017 workshop, as a part of the activities for the celebration of 50<sup>th</sup> anniversary of CID, with the aim of presenting the latest innovations in the field of Nanotechnology, from the Chemical and Biomolecular point of view.

## Workshop programme

The workshop will bring together recognized national and international researchers in the Nanotechnology Field.

Plenary speaker:

Prof. **Peter Schurtenberger**  
Lund University, Sweden

Invited speakers: **Laura Lechuga** (ICN2), **Allan Mackie** (URV), **Romain Quidant** (ICFO), **Daniel Ruiz** (ICN2), **Francesc Sagués** (UB) and **Samuel Sánchez** (IBEC).
