

3rd IQAC annual symposium 2019

4th July 2019
- Barcelona

PROGRAM

9:30-9:35	Welcome (Prof. Gemma Fabriàs)	IQAC Director
9:35-10:25	Plenary lecture: “ <i>Inhibidores de feromonas de insectos como potenciales agentes de control de plagas. Bioensayos de laboratorio y campo</i> ”	Prof. Angel Guerrero
10:25-11:15	COFFE BREAK + POSTER SESSION (*)	
11:15-11:35	Oral: “ <i>Role of d-Fagomine and Omega-3 polyunsaturated fatty acids on gut microbiota in a model of fat-induced pre diabetes</i> ”	Mercè Hereu
11:35-11:55	Oral: “ <i>Understanding Quorum Sensing through Immunochemical Approaches: The Staphylococcus aureus case</i> ”	Enrique Montagut
11:55-12:15	Oral: “ <i>pH-dependent chloride transporters as selective anti-cancer drugs</i> ”	Lucía Tapia
12:15-12:25	Oral: “ <i>Influència lipídica en l’estructura, composició i propietats del cabell humà</i> ”	Marc Oliver
12:25-12:55	Oral: “ <i>Evaluating the influence of applied light on trans and cis MCS0331 binding to the metabotropic glutamate receptor mGlu5</i> ”	María Ricart
13:00h	Group photograph in the garden	
13:15-14:50	LUNCH	
14:50-15:30	Invited lecture: <i>title pending to be confirmed</i>	Enantia
15:30-15:50	Oral: “ <i>Control of membrane receptors with photoswitchable allosteric modulators</i> ”	Silvia Panarello
15:50-16:10	Oral: “ <i>Desarrollo de un método para la modificación selectiva de proteínas</i> ”	Ana Bilbao
16:10-16:30	Oral: “ <i>A novel type of hydrogels made by phospholipids and fatty acids</i> ”	Kirian Talló
16:30-16:50	Oral: “ <i>Diseño y síntesis de sondas para el estudio de la actividad ceramida sintasa</i> ”	Eduardo Izquierdo
16:50-17:00	Concluding remarks (Prof. M.-Pilar Marco and Prof. Isabel Haro)	IQAC Vice-Directors

All the sessions will be held in the “Sala de Actos” room at IQAC

(*) Posters will be on display during all the week at IQAC hall entrance
